***Allowable Subject Matter***

1. Applicant's arguments to the claims are deemed to overcome the outstanding office action.
2. Claims 1 and 3-7 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest the push button switch comprising the actuation body is formed of the elastomer as well as the cam follower is formed of a plastomer whose elasticity is lower than that of the elastomer; the extreme ends of the tooth portions of one of the first and second latch teeth are formed in an arc shape; a push switch device comprising the cam follower hold one end of the elastic member and is formed of synthetic resin, and wherein the contact element switching mechanism is actuated when the actuating member rotates to cause a movable contact element to slide on a stationary contact element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***
